OBJECTIVE

II am a motivated and creative Frontend Web Developer with hands-on experience in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React, and AI-assisted development tools. I participated in the Haktan team project using Git, GitHub, Figma, Notion, Slack, and Miro to build responsive, user-friendly interfaces.

For me, Assel is not just a job, it is an opportunity to grow, learn, and contribute as an empowered woman in tech. I am eager to join a team that inspires innovation and helps build a brighter, technology-driven future.
